

Weekly Wild Wednesday

For December 16th, 2020

What a delightful and exciting week!

The highlight was the fabulously orchestrated Zoom Yearly Membership Meeting and PARTY!

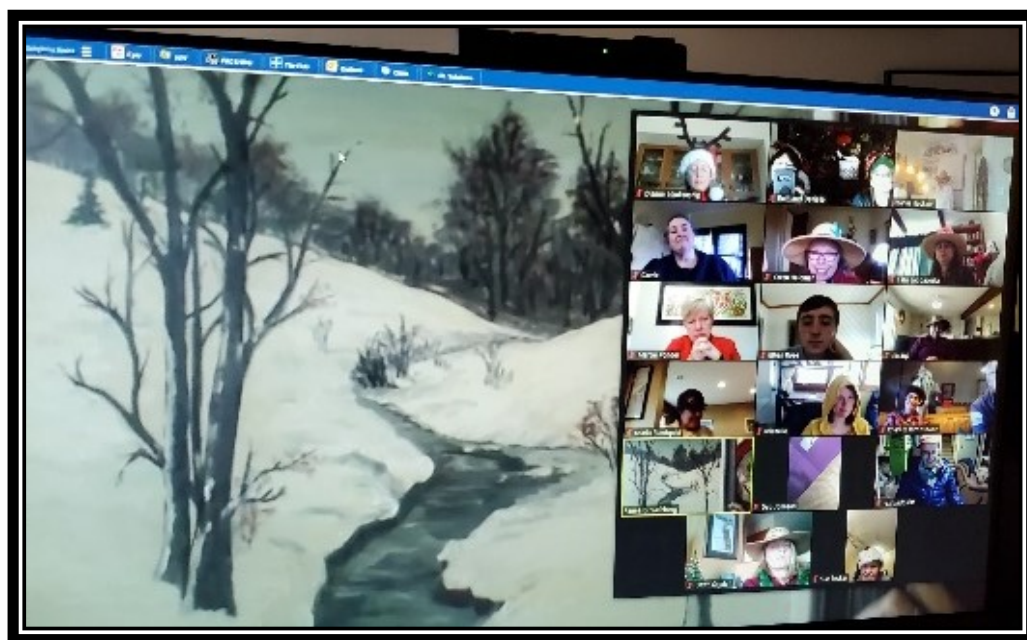

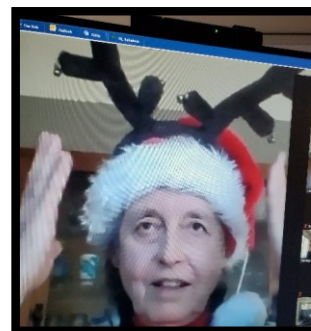

Elisa opened with Style and Grace, and Carrie Hosted the Meeting and Board Election via shared screen, well done.

The Membership voted positively on the Board proposals, put out a feeler for a Webmaster, and settled into FUN.

The Scavenger Hunt by Dianne was Competitive and Creative!

Jeanne and Dotty were Super Entertainers, flexible and joyful! Hats and gloves were donned, and everyone was laughing and enjoying their time together.

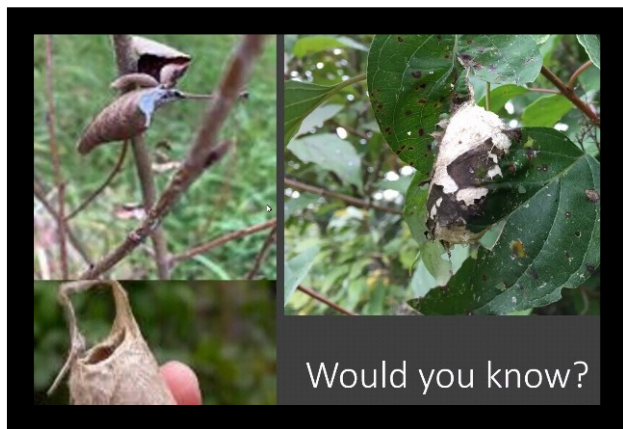

Tom and Cheri's 'Four Legged Family' joined, SO cute! Members from Near and Far Away shared so many entertaining items, photos, poems, memories, and talents-- such as Rex on the piano!

There was a Zoom with Paula Diaz this week, from Grow Native.

www.grownative.org

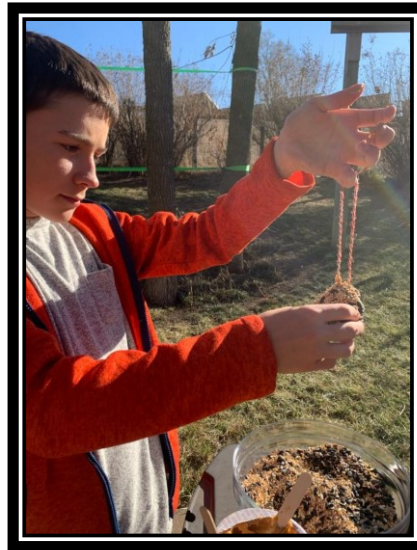

She had very compelling photos on reasons to leave the leaves, and maybe some creatures you only **THOUGHT** were leaves-- including these chrysalis photos.

There was a Native Plant Wreath Contest that caught my eye-- this might be a suggestion for next year!2

A Bee Friendly Bag was created by my friend Everly, and inside were expandable hoses-- needed for easy watering of projects on the various sites.

“Ornithology Ornaments” were created by my friend Cale, and hung near a window for Bird Watching. They already attracted a chickadee!

Wishes for the Happiest of Holiday Weeks!
