

Weekly Wild Wednesday

April 16th, 2025

What a Week of "Plants and Grants!"

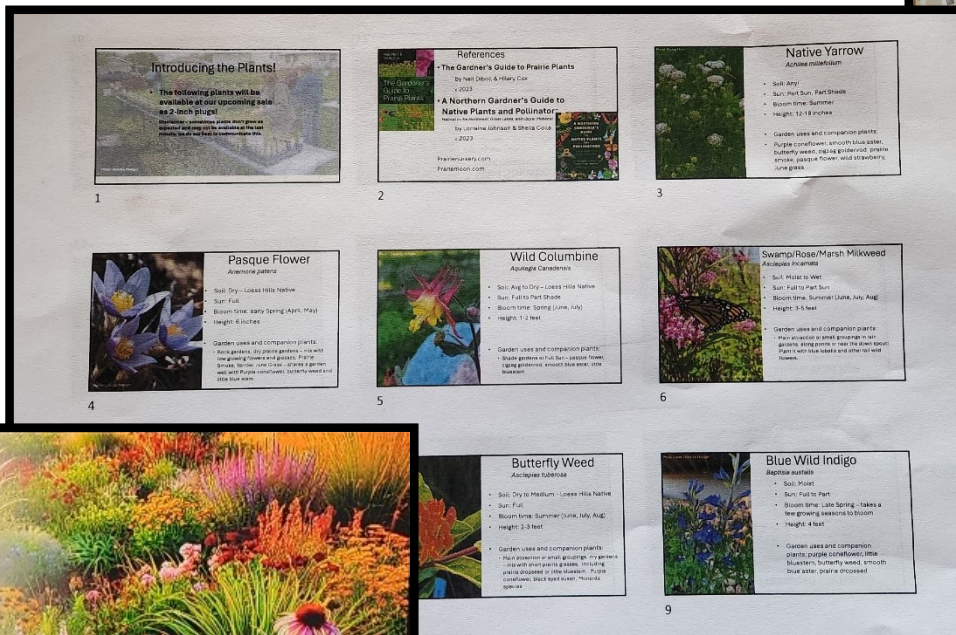

Danielle and Lilly
ROCKED the show
presenting
"Meet the Plants"

Marcie followed with a
stellar presentation of
the
"Rollout of the Grants!"

We are so lucky to have what I
consider the Best Board on Earth!!
Every single person does MORE
than their fair share—And THEN
some!! Thank YOU, fabulous
Board! And a special thanks to the
MANY friends, family, Members,
and new attendees at the Dorothy
Pecaut Nature Center event! And
thank you DPNC for all you do!

There was so much food to share, and everything was delicious!
Thank YOU Food Donors!

Danielle made a 50
page program to
share, with every
slide full of
fabulous, easy to
read information!
Click on the photo
for your own
program!

Danielle also used Chat GBT to make many personalized
gardens that are also on that slide show!

Below, Prairie Nursery shared a GREAT plan and list for shopping for Native Shrubs--
and building your own Hedgerow!

PRAIRIE NURSERY

PLANNING YOUR HEDGEROW

With Native Shrubs

Is there a Bustle in Your Hedgerow?

The native shrub hedgerow is an exciting multi-use landscape feature, and if you're anything like us, planning one stirs up some good creative energy. A mixed hedgerow of native shrubs supports an array of wildlife from birds, bees, toads and salamanders, to small mammals. And that's a big part of the excitement. Yes, there might actually be a bustle in your hedgerow! However, it takes several years for a hedgerow to grow and mature, so follow your inner piper and get started now.

Choose Large Shrubs First

After all of that INDOOR time, don't forget to head OUTDOORS for a stroll and a Meander Tour looking for the blooms in Nature-
Or in your own space!

Wishing you a week filled with "Native Plants and Generous Grants"
