

Weekly Wild Wednesday

July 30th, 2025

What a Week of "Wonderful Pollinators and PLANTS!"

From unloading the plants to the END of the WEEKEND, we were in AWE of the 'Hilltop Gardens' at Tom & Cheri's and the 'Ponder Prairie Patch' at Marcie's! What a fabulous experience! Photos by Marcie, Ruth, Danielle, Maria, and others! THANK YOU to everyone who participated, helped out, and ADMIRER during these gorgeous walks!!

← Water is something SO important to wildlife, and often forgotten in Urban spaces. Marcie made this completely from scratch! What a wonderful addition!

← If you can't beat 'em, make it part of your signage!

HAAAAA!

A HUGE thank you to EVERYONE who supported the Plant Sale!

"Native Plants in the Ground!"

**PLEASE JOIN US
at Sara's this
Friday from 4-7!**

**Thank you, Sara,
we are so excited
to be able to see
your gardens!**

**Friday, August 1
4 - 7 p.m.**

**Tour the
many gardens
in Sara's yard
at
5115 Hamilton
Blvd., Sioux
City**

**Sara's
Garden
Walk**

**A variety of
sun, shade,
rain, prairie,
herb and
vegetable
gardens.
Open yard
format.**

**WILD
ONES®**
Loess Hills

Join Us at Sara's Garden Walk where there is a mix of garden habitats including petite woodlands with Sweet Cicely, Smooth Solomon Seal, Virginia Water Leaf, Snowberry and Ivory Sedge.

There is the shady rain garden with Marsh Marigold, Swamp Rose Mallow, Cardinal Flowers, Sedges and many other moist or shade loving plants.

In another area there's a small stumpery with a few Ferns that are continuing to expand and behind the stumpery Yellow Jewel Weed grows naturally.

These 3 gardens are backed by the Perry Creek bank.

In the front yard, are sunny areas with many native plants such as Liatris, Prairie Rose, Michigan Lily, Coneflowers, Coreopsis, Prairie Clover, Wild Indigo and Sedges. On the side of the house there are more shade-loving plants including Columbine.

There's also a non-native herb garden and small vegetable garden.

**Storm damage to
cardinal flower so I made
a bouquet**

← Great
idea,
Dawn!

Thank
you for
sharing
your
beauty!!

Wishing you a week filled with "Wonderful Pollinators and PLANTS!"
