What a Month of "Planting Plans and Plant Sales!"

I'm beyond thrilled with the success of this garden!!! It will make a wonderful garden walk as an example of first year native garden. So many good guys coming up and very few weeds. Tom weeded out a few. 😊 Great job Noah! I know you really watered religiously during last fall's drought.

Cheri sent this update on Noah's Gardens!!

We can hardly wait to see them on the First Year Garden Tour! Date To Be Determined!

You, too, can start a new Native Plant garden, or add Native Plants to your existing gardens!

The Native Plant Sale is THIS COMING WEEKEND!!

Grants Awards!!

Member's Only Night!!

Open To The Public Extravaganza!! Details on the next page!!

Thank you, Dawn, for the awesome graphics!!
 Click Above graphics for even more details!

Dianne sent this follow-up note!
 We are so excited to see the new plans for Community Theater!

Cheri,
 This is very good news. Also, thank you for the design for the Community Theater garden.. The program you used (Scanner Pro) made it very clear. Great to have that tool.
 Dianne

Sioux City Community Theatre Native Garden #1

Plan size: 34 ft long x 5 ft wide, 170 sq.ft.

Planting Layout (3 rows)

Back Row (closest to the building)

- Blue Fortune Agastache- 12 plants
- Pale Purple Coneflower- 20 plants

Middle Row
